COUNTRY

Malaysia

This certifies that the above journal was included in the POSI Core Collection as of 2026-07-15, having met POSI's published editorial selection criteria (PQF). Inclusion reflects transparency, metadata quality, and technical discoverability at the time of assessment — it is not a certification of scientific quality, peer review rigor, citation impact, or accreditation, and is not affiliated with Web of Science, Scopus, or DOAJ. Verify this record and its current status at the URL below.
